Update January 2021

Hello again to all our members. We hope you are bearing up in this difficult time we're all experiencing. As you know from our update at the beginning of the year, we haven't felt able to open the therapy centre yet, because of the serious increase in infections and the rate of transmission. In our local area, cases are still very high and the hospitals are severely stretched, although there are signs that numbers are flattening out a bit. We remain optimistic that cases will start to fall as the vaccine takes effect and it shouldn't be too long before our members and volunteers are once again comfortable to come to the centre.

Given that we cannot offer any therapies at present, we are not yet formally asking for your annual subscription payment. However, we are still required to pay running costs such as rent, heating and other utilities to keep our premises going until we can return. So if you would like to pay your subscription, on the basis that we hope to open soon, we would be very grateful. You can make a bank payment of £30 to: MK MS Therapy Group, Lloyds Bank, **Account number: 00780214, Sort code 30-15-53.**

This closure is not a situation we want to continue. Please be assured that we will reopen as soon as we can. Meanwhile, stay safe and warm.

The MKMSTG team.
